PFREUNDT®

Easy. Better. Weighing.

The WK60 forklift scale

1 Weighing electronics   **2** Pressure sensors   **3** Proximity switches

Direct weighing shortens the production process

By upgrading your forklift with the PFREUNDT weighing system, you save working time, as the goods can be weighed directly during unloading and also during transport. Drives to the stationary scale are no longer necessary. Simple and quick installation - even retrofit installations and in forklifts from different manufacturers.

Overview of functions

- Approved for legal metrology and conformity assessed by PFREUNDT
- Highly precise weighing technology for permanent use
- Dynamical weighing during the work process for a fast and precise loading
- Simple and intuitive operation through touch display
- Extensive and adaptable master and weighing data management
- Reliable definition of the weighing range
- Installation and retrofitting into vehicles of different producers are possible without any problems

Scope of delivery

- WK60 weighing electronics
- 1 pressure sensors
- 1 double proximity switch
- 1 proximity switch
- 1 antenna

Accessories

- Printer
- Weighing tickets and weighing ticket box

Start your digital future with PFREUNDT!

We create the connections and interfaces you need, e.g. via GPS, mobile radio, WLAN and Bluetooth.

Digital weighing data – available in real time. Try the PFREUNDT Web Portal free of charge!
